"APPALLINGLY BLOODY" FIGHTING IN FLANDERS; GERMAN FORTS RAIDED

PARIS, DEC. 18.—THE ALLIES' OFFENSIVE IN NORTHERN FRANCE IS GATHERING MOMENTUM. ATTACKS BY FRENCH, BRITISH AND INDIAN TROOPS ALL THE WAY FROM THE BELGIAN BORDER TO THE RIVER OISE ARE GROWING MORE VIOLENT. IN WEST FLANDERS THE GERMANS' DESPERATE EFFORTS TO RECOVER GROUND PREVIOUSLY LOST ALONG THE EAST BANK OF THE YSER CANAL, BETWEEN DIXMUDE AND NIEUPORT, ARE BEING THROWN BACK, WITH FEARFUL SLAUGHTER OF THE KAISER'S FORCES.

THE ALLIES HAVE MADE SLIGHT GAINS SOUTH OF THE DOUTHULST FOREST AND IN SOUTH YPRES, ALONG THE MENIN ROAD. THE ALLIES' ARTILLERY HAS FORCED THE GERMANS TO EVACUATE A NUMBER OF TRENCHES. NEAR ZILIBEKE, KLEIN ZILIBEKE, AND VANDEVORDE THE STRUGGLE IS APPALLINGLY BLOODY.

PARIS, DEC. 18.—A NEWS DISPATCH RECEIVED TODAY SAYS THAT FRENCH AIRSHIPS MADE A DARING RAID IN GERMANY AND BOMBARDED THE GREAT GERMAN FORTRESSES AT METZ AND STRASSBURG. ELKS' MINSTRELS GREETED BY BIG HOUSE LAST NIGHT

EVERY NUMBER ON THE PROGRAM BROUGHT FORTH ENCORES—STAGE SETTING WAS NOVEL AND ATTRACTIVE.

The stage setting for the first part of the Elks' minstrels at the New Daytona theater, Thursday night, was one of the most appropriate ever shown in Daytona. The entire background of the stage was occupied by a reproduction of the front of the Elks' home, even to the cluster lights, and on the veranda of the reproduced building sat the orchestra, while immediately in front was the entire assemblage of blackface and white-face artists. The blacks were dressed in uniforms of purple and white, while those without makeup wore suits of Palm Beach tan.

Old Buller very becomingly occupied the post of interlocutor, and was ably supported by Schef Wright, A. J. Mulhy, Fairfax Ludlow, A. Dinger, C. P. Miller, Lew Smith, Chas. Neuhum, Harry Erickson, Geo. Foote, Will Gerard, H. C. F. Dohm and Henry L. Shaw, Jr. Addison O'Neill, W. J. McDonald, Acklin Stilling, A. B. Moore, R. H. Nutting, L. L. Vinzant, F. M. Terrill, P. W. Hart and E. J. Mills as singers.

The musical numbers were exceptionally good and every number on the program demanded an encore. Fairfax Ludlow had the difficult position of first soloist but the way he got away with "Florida Land" gave a hint of the good things that were to follow. Between his first and second verse he was presented with a huge bouquet of

WEEKLY "SERVICES" OF THE D. B. T. THIS EVENING AT 8:00

If this beautiful (!) weather continues until eight o'clock this evening the Daytona board of trade may have a meeting at its chambers on Orange avenue. Reports from various outstanding special committees probably will constitute the chief business of the evening, and it is possible that brand-new phases of the board of trade's work will be introduced.

ESPLANADE BURGOYNE TO BE ILLUMINATED SATURDAY EVENING

GREAT WHITE WAY ALONG
SOUTH BEACH TO BEAM WITH
LIGHT FOR FIRST TIME TOMORROW NIGHT.

Through the medium of some unseen, or at least unknown, hand, the Esplanade Burgoyne, the "great white way" of Daytona, will be lighted for the first time Saturday evening, and it is likely that hundreds of visitors, and home-folks, will make it a gala night by promenading on the Esplanade Burgoyne and listening to the music discoursed by Saracinas' Royal Italian band.

This promanation of effulgence along the Esplanade Burgoyne will be from the hundred 100-kilowatt and 60-kilowatt lamps mounted in clusters of five atop of a score of handsome posts of the Corinthian type distributed about 120 feet apart along the inner edge of the esplanade, which extends along South Beach street from Orange avenue to the concrete bridge.

WOULD CEDE U. S. TERRIT'Y TO CANADA

REPRESENTATIVE FROM MARY-
LAND WANTS TO LET OUR
NEIGHBOR HAVE "PANHANDLE
OF ALASKA."

WASHINGTON, Dec. 18.—Consider-
able interest is being manifested
here in the proposal of Representative
Frank O. Smith of Maryland for the
cession to Canada of what is known as
the Panhandle of Alaska by the
United States government.

This transfer of a vast tract of ter-
ritory is provided in Mr. Smith's joint
resolution 375, offered in the house on
October 16, 1914.

The Panhandle of Alaska is a strip
of land extending southward along the
Pacific coast from Alaska, which cuts
off Canada from the seaboard. It is
536 miles long. Representative Smith
points out that if Canada owned a
strip of land extending down the At-
lantic coast line of the United States
our cities would be cut off from the
seas as far down as Philadelphia.

Canada is eager to make some ar-
rangement with the United States
whereby she may get this strip of land
but so far the United States has made
no move to alter the situation. Rep-
resentative Smith says and he de-
clares, that the American attitude is
ungentlemanly.

The concessions which the Dominion
of Canada is willing to make to the
United States, according to Repre-
sentative Smith, are numerous. For
instance, Smith says that Canada
would be glad to pay the United States
\$50,000,000 for the Alaskan Panhandle.
The United States only paid \$50,000,
000 to Russia for the whole vast ter-
ritory of Alaska, and the Alaskan
Panhandle is a mere fraction of the
entire holding.

Another concession which Canada

would make for the Panhandle is the
transfer of a strip of Yukon territory
which would enable the United States
to build a railway through the terri-
tory which would not be blocked by
snow in winter.

Still another deal, according to Mr.
Smith, would be an arrangement
whereby the United States would re-
ceive from Canada a right of way
across the Dominion, permitting this
government to build a railroad from
the states to Alaska.

Whale Among Fishing Boats.
A large whale struck the fishing
boat Jane recently, while it was en-
gaged in herring fishing five miles
off Girvan, Scotland. The boat was
undamaged, but the incident caused
considerable alarm among the crew.
The S. S. Ailsa, lying between Girvan
and Ailsa Craig, narrowly escaped hav-
ing its propeller fouled by one of three
whales which were in the vicinity.

Leopard a Wise Animal.
The leopard maintains its existence
alongside its far more powerful rivals
the lion and tiger by reason of its
greater activity and power of climb-
ing. Often it is driven from its well-
earned prey by the brute force of these
greater cats, but it has the wise habit
of storing the remains of its meals in
a tree, the weight of meat thus placed
aloft in one effort being sometimes al-
most incredible.

Our Shadow.

Everyone of us casts a shadow.
There hangs above us a sort of pen-
umbra—a strange, indefinable some-
thing—which we call the personal in-
fluence, which has its effect on every
other life on which it falls. It goes
with us wherever we go. It is not
something we can have when we wish,
as we lay aside a garment. It is some-
thing that always pours out from our
life like light from a lamp, like heat
from a flame, like perfume from a
flower.—J. R. Miller.

TRICKED BY STOLEN CODE

Goben Escaped by Use of Week-Old Cipher Stolen From British.

New York.—The German cruisers Goben and Breslau escaped from Messina to the Dardanelles at the start of the war by using a week-old secret code stolen from the British admiralty. This fact, brought out at the recent court martial which exonerated Admiral Troubridge from blame, has been suppressed by the British censor, but reached New York by mail from London. Troubridge had the boats bottled up at Messina, but received a wireless code message, worded and signed in correct admiralty form, ordering him to let the cruisers alone. Assuming that other plans had been worked out for their capture, he did as directed. Not until he reached London for the court martial did he learn the order was spurious. Supposedly it was sent by the Goben herself or by some German wireless station. The code could only have been obtained by a spy or by treason of some British high in authority.

Daily Optimistic Thought.
Who tells his own secret will hardly keep another's.

OFFICERS OF ARMY AND NAVY REJOICE

THINK CONGRESSIONAL INVESTIGATION OF COUNTRY'S MEANS OF DEFENSE WILL RESULT IN PEOPLE'S SPEEDY ACTION.

WASHINGTON, Dec. 18.—Army and navy officers are rejoicing that the facts regarding the two branches of the national defense are to be placed before the American people in the investigation which will be made by the present congress.

"It will focus the attention of the public on the facts which ought to be

known," they say. "When the facts are known, action will be forthcoming."

There will be no attempt on the part of service officials to sensationalize the facts in the case, or to make it appear that the United States is spending nearly half a billion dollars a year on the army and navy without getting any return for it.

What they will attempt to point out is the fact that certain sweeping reforms should be made in the conduct of both the army and navy which will make them more effective and serviceable. The abolition of several scores of useless army posts and the elimination of nearly half a dozen navy yards are the main things to be aimed at. This is the first step in bringing about new conditions in the army and navy. Congress always has proved the barrier that has blocked these reforms in the past. There is no evidence that, even in the face of the revelations which the Gardner inquiry probably will make, that congress will be converted to the "new idea" in the near future.

His Natural Thought.

A South Dakota railroad is noted for its execrable roadbed. A new brakeman was making his first trip over the road at night and was standing in the center of the car, grimly clutching the seats to keep erect. Suddenly the train struck a smooth place in the track and slid along without sound. Seizing his lantern, the brakeman ran for the door. "Jump for your lives!" he shouted. "She is off the track!"

Nothing to Bring About.

Mother's advice told Mrs. and Betty, when they were brought into the parlor to be presented that she had two little girls just about their ages. "That's nothing," said Alice patronizingly, pulling up her skirts. "I dot two little knozzes, too."

HAS A BARBARA FRIETCHIE

South African Woman Binds on British Flag and Dares Boers to Molest It.

London.—South Africa has a Barbara Frietchie. She is Mrs. Pienaar, who resides at Winburg, Union of South Africa. When General De Wet, heading the rebels, captured the town, some of his troops hauled down the British flag from the courthouse and flung it in the dirt. Mrs. Pienaar snatched it up and brushed it off and bound it around her waist. "You daren't touch it," she declared. "I'll carry it and when decent people return we'll hoist it again." Dispatches say Mrs. Pienaar was

cursed by the rebels, but they did not offer to molest her.

German Driving Gloves.

London.—German officers wear steel tipped gloves with which they drive men in the ranks back into line, according to a Belgian officer now in London.

Playing Safe.

"What will you charge," said a young man to a jeweler, "to engrave on the inside of this ring 'From George to Alice'? It's an engagement ring, but I have to economize, you know." "Well, sir," answered the jeweler, "I would advise that you merely have the words 'From George' and then it will do to you nicely."

At this time of year the stores are crowded with "things to sell." Thousands of ingenious minds have schemed for months to provide countless articles most of them really worthless to "get the money." Millions of people are buying gifts. It's always hard to know what to buy and the result is that enormous sums are wasted every Christmas on worthless "presents." Why not make up your mind to give only useful things this year? You'll find these in great variety at our store. D. H. S. TEAM GOES TO ST. AUGUSTINE

WILL PLAY BASKET BALL TEAM OF THE ANCIENT CITY HIGH SCHOOL ON Y. M. C. COURT THIS EVENING.

The Daytona high school basketball team left for St. Augustine this afternoon, and will play the high school five of that city on the Y. M. C. A. court this evening. The local boys left with plenty of confidence that they would return on the right end of the score, and judging from their play in the last five games, all of which have been D. H. S. victories, should make the Ancient City team sore for any advantage.

The party, which left for St. AUGUSTINE, which left for St. AUGUSTINE.

tine included George Marks, assistant principal of the high school, and coach of the team; Curtis Gardner, captain; Seymour Hawn, Quinn Branch, Everett Drake, John Milligan, who will probably start the game for D. H. S., and Tom Wetherell and Raymond Green, substitutes. Owing to illness Winthrop Esch will be unable to make the trip, consequently Branch probably will be used at center the entire game. The boys return home tomorrow.

The Daytona Athletic club's basketball team met too strong a proposition Wednesday evening at St. Augustine, when they met the Y. M. C. A. team of the Ancient City, and were defeated 44 to 4. The team made the trip by automobile, "Dick" Porter's car making the trip.

WANTED TO RING BELL AT FIRE DEPARTMENT

DEMENTED COLORED WOMAN
FURNISHED SEVERAL TENSE
MOMENTS FOR PERSONS IN
CITY HALL VICINITY.

Something of a sensation was created in the vicinity of the city hall, Wednesday, when Mary Evans, a light mulatto woman, introduced herself in a special three-act "bughouse" sketch. The unfortunate woman initiated her performance by pushing from the east side of the river across South bridge a heavy cart loaded—if they may properly be called a load—with two pairs of old shoes. Reaching the end of the bridge, the fire department aroused her morbid curiosity and she made a determined effort to ring the bell used to bring the fire lads to "arms," but was forcibly deterred from gratifying her ambition by Chief W. E. French. The woman then invaded the inner sanctum of the telephone exchange and demanded a drink of water of the young lady operators. Forthwith came the water—with an irreducible minimum of delay. Surfeited with water and, judging by some of her subsequent actions, utterly disgusted with life and the world, Mary retired to a rear room of the building and proceeded to give a clever imitation of a steam calliope very much out of tune. Her yelling attracted the attention of Police Officer Milton, who went up and arrested her. She was placed in the city jail, pending an investigation of her apparent aberration. She came here from Hendersonville, N. C., a month ago, and it is likely that she will be taken in charge by some of her people there or at Jacksonville.

Rye Grass Long Cultivated.
Rye grass is believed to be the oldest grass specially raised for forage, having been thus cultivated in England more than two centuries ago.

Thoughtful of Proprieties.
Little Maud was suffering from an aching tooth. She called her mother to the sofa on which she was lying, and said: "Mamma, if I should die please don't forget to put my dolls in mourning."

He Was Right.
Antiquated female—"My dear friends I do not believe manslaughter should be punished by death." "No," said a mean man in the audience, "it is bad enough that there should be one man less."

HONOR IS PAID DEAD DOG

Marquis, Regimental Dispatch Bearer,
Is Mentioned in French Gen-
eral Orders.

Dunkirk—Marquis, the regimental dispatch dog of the Twenty-third French infantry, has been mentioned in the orders of the day, having fallen in duty at the battle of Sarrebourg on the Belgian frontier.

At this action it became necessary for an officer to send a report immediately to his superior, but at the time the German fire was too intense to allow a man to cross the fire zone and Marquis was charged with the mission.

Off he ran, across the fire-swept zone, and arrived nearly at the objective point when a German ball struck him in the right side and brought him down. He struggled to his feet, though losing a great deal of blood, and dragged himself up to the position where the officer was directing a section of machine guns. He let fall the order, reddened by his blood, and breathed his last.

His soldier comrades are raising a fund for a monument on which is to be inscribed "Marquis—Killed on the Field of Honor."

Gunpowder and Dynamite.
While both gunpowder and dynamite are explosives, they fall into different structural classifications. Gunpowder is a nitrate mixture, whereas dynamite is a nitro compound—that is, the former is a combination of nitrogen solution mixed with other ingredients, and the latter is a compound of nitro-glycerin absorbed by a porous inert solid material.

Daily Thought.
It is not what we read, but what we remember that makes us learned. It is not what we intend, but what we do that makes us useful. It is not a few faint wishes, but a lifelong struggle that makes us valiant.—Henry Ward Beecher.

Russian Fisheries.
Russia ranks third among the fish and deep-sea food-producing countries of the world. The total yield of fish is well over \$7,000,000 worth a year, but even this great supply is not equal to the needs of the population.

Attacking School System.
Small Boy—"Father, what is an equinox?" Fond Parent—"What in the world do you go to school for? Don't you study mythology?" An equinox is a mythical animal, half horse, half ox. The name is derived from the Latin 'equine,' horse, and 'ox.' Dear me, they teach you absolutely nothing that is useful nowadays!"

ADVISED TO ABANDON TRIP TO THE BAHAMAS

A somewhat uncommon incident of the effect of the war was brought to light at the Prince George hotel last evening, when it was learned by a Daily News representative that Mr. and Mrs. Brettenham, Jr., of New York city, had been advised by Cook's Cuban agents to give up a trip to the Bahamas. This advice, it seems, being due to the name, and the fact that Mr. Brettenham is of German extraction. Owing to this fact the Brettemans decided to visit Daytona, and arrived here yesterday and are stopping at the Prince George.

Beats Description.
"The better—Stebbe not, but I got no record in the country?"
"Your subscription for the largest mounted population by killing a fox?"
"No you think you're a hunter?"

Good Advice.
When there is a ghost of a chance, never give up until you give up the ghost.

Readily Paid.
One thing about the wages of sin is that a man doesn't have to go to law to collect them.

FIND COMFORT IN TRENCHES

Allies' Troops Are Well Sheltered From Inclemencies of the Weather.

London.—A dispatch from West Flanders to the Times says:

"The British, French and Belgian soldiers in the trenches are not at all unhappy. The trenches on the Yser are as comfortable and well sheltered as material, industry and decided constructive ingenuity can make them.

"The men for the most part are living below the surface of the ground and have so banked themselves about that wind, rain or sleet has no great terrors for them. Some of them have been fortunate enough to obtain oil stoves. In such cases the mud walled compartments in which they live are if anything inclined to be warmer perhaps than hygienists would approve. Stoves are priceless luxuries, but they are not at all uncommon."

MUST HAVE FEET CUT OFF

Fifteen Hundred British Officers and Men in Hospitals With Extremities Frozen.

London.—Officers invalided home from the front say there are at present about fifteen hundred British officers and men suffering from frozen feet in the base hospitals in and about Boulogne-sur-Mer, France. Fully 1,000 of this number must have one or both feet severed, owing to the deadening of the nerves, which makes futile all attempts at treatment. Chills and frost-bites have been depleting the ranks worse than bullets and shrapnel, and once a man's foot is frozen he is through as far as fighting is concerned for the rest of the war.

OFFICER ATTACKS THE KAISER

Crazed Man Draws Sword on the Emperor, but Is Disarmed, Paris Hears.

Paris.—There is a report current here, apparently emanating from German sources, that an officer of the

German general staff at the grand headquarters became insane when the emperor upbraided him for a tactical error during the battle of Flanders.

The story says that he assaulted the kaiser violently with his drawn sword. Other officers managed to overpower him, and he was forcibly removed, all the while hurling frightful epithets at the kaiser, who was considerably shaken by the affair.

RUSES FOOL THE GERMANS

Indian Troops Praised by General French for Their Initiative and Resourcefulness.

London.—In a report on the British operations in Belgium and France Field Marshal Sir John French says of the Indian troops:

"Since their arrival in this country and their occupation of the line allotted to them I have been much impressed by the initiative and resource displayed by the Indian troops. Some of the ruses they have employed to deceive the enemy have been attended with the best results and have doubtless kept the superior forces in front of them at bay.

"Our Indian sappers and miners have long enjoyed a high reputation for skill and resource. Without going into detail, I can confidently assert that throughout their work in this campaign they have fully justified that reputation."

SON GETS HEROIC LETTER

Mother, Advising Him of Father's Death, Urges Him to Be Worthy of Sire.

London.—"Your father was killed very far from us, Laogon, and I send you for the sacred duty of defending our dear country from the vile and dreadful enemy. Remember you are the son of a hero. My heart is oppressed and I weep when I ask you to be worthy of him. With kisses and blessings have I parted with you. When you are sent to perform a great deed don't remember my tears, but

only my blessing. God save you, my dear, bright, loved child. Once more—it is written everywhere the enemy is cruel and savage. Don't be led by blind vengeance. Don't raise your hand at a fallen one, but be gracious to those whose fate it is to fall into your hands."

It was a letter from a mother to a son, found in the breast pocket of a Russian officer killed in action.

GAZETTE-NEWS CO. TURNS

OUT FINE JOB FOR LOCAL FIRM. One of the niftiest two-color jobs of printing that has ever emanated from an art-preservative plant in Florida was that recently finished by the Gazette-News company for the Kay-Marshal Realty company, selling agents for Bostwick Park, the beautiful suburban property on the side of the Halifax, opposite Daytona. The job referred to is a seven-page advertising booklet five by 12 inches in size, and a distinguishing feature of its unique folding scheme. The colors are black and red on heavy colored stock of gold-colored tint. The Kay-Marshal company are almost as well pleased with the job as they are with Bostwick Park.
